Penny--

I believe this task can be closed. It's a CO issued to Red Dome (M/027/0032), and although I don't see anything showing that it was terminated, they fulfilled the abatement requirement by submitting a bond of \$100,000. They also paid the fine.

FoxPro shows that they have a bond of \$144,000, but I believe it's only \$100,000. The extra \$44,000 was being held by the BLM, but I found a letter where the BLM released it. Could you please make this change in FoxPro and anywhere else it's needed? Thank you.
